### **Governor's Message**

---

*Upon first glance, the 400 delegates that attended this year's Boys State appear to have nothing in common. We look from one another. We speak differently from one another. However, the common bond which exists between us is greater than any difference. We are the leaders of the future. As leaders, we have made a commitment to act and think for ourselves.*

*The American Legion Boys State has provided us with an opportunity to further knowledge of our state political process. This program has allowed us to further our leadership skills in preparation for the future.*

*Gentlemen, it is our responsibility as leaders of a generation to maintain the rights of life, liberty, and the pursuit of happiness. Together, we can build a better tomorrow.*

### 1996 Federalist Party Platform

---

*The Federalist Party supports Americanism and democratic ideals. To insure these ideals, the Federalist Party supports:*

#### Welfare Reform

*We, the Federalist Party, support welfare reform through more education and training for welfare recipients, including homemaking training. We also support welfare reform through limiting the time that a recipient can receive welfare to three years and by supporting welfare investigation to ensure proper use of the welfare system.*

#### An Anti-Curfew View

*We, the Federalist Party, do not support a city curfew.*

#### Education

*We, the Federalist Party, support allocating more funds toward education.*

*We also support religious rights being upheld in public schools, however, we do not support an allocated time for prayer.*

#### Co-ed Evergreen State

*We, the Federalist Party, support combining Boys and Girls State to form Co-ed Evergreen State.*

The American Legion Evergreen Boys State

1996 Nationalist Party Platform

---

Preamble

*We, the Nationalist Party of Evergreen Boys State, recognize that our beliefs rest upon certain principles:*

*"We hold these truths to be self evident that all men are created equal, that they are endowed by their creator with certain unalienable rights, that among these are life, liberty, and the pursuit of happiness. That to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed."*

*- The Declaration of Independence*

*Thomas Jefferson further emphasized that "the care of all human life and happiness, and not their destruction, is the first and only legitimate object of good government."*

*To ensure these, the Nationalist Party supports:*

Evergreen State Economy

*Economic stability is an inherent need in every society.*

*Therefore, We, the Nationalist Party support the development of a standard and globally recognized currency as the foundation of an economically stable society.*

*This currency must buttress a statewide system of commerce, forming intrinsic supply and demand economic principles.*

### Pro-Co-Ed Evergreen State

Gender equity, as a great goal of modernized society, should also be embraced in Evergreen State.

Therefore, We, the Nationalist Party believing that to unite our populations against sex discrimination and gender segregation a coalated Evergreen State would help break long-standing gender barriers.

### Pro-Capital Punishment

Deterrents against crime in society are necessary to maintaining peace.

Therefore, We, the Nationalist Party support the conintued use of the death penalty as an effective deterrent against capital offenses in Evergreen State.

### Evergreen State Educational Levy

Intrinsic to society is the education of each citizen.

Therefore, We, the Nationalist Party endorse a state-wide educational levy in order to collect revenue to be put towards educational goals.
