Former WA State Attorney General Mr. Rob McKenna

"I thought it was interesting how the discussion over gun control and getting bills + laws passed through the government could be so intricate. Also, there were 4 bills proposed today in the senate so his topic was current and informational. Showing the history behind the legislature connected what U.S History taught us but on a more specific level."

-Richard Torres, City of Birch

Mr. Rob McKenna, former Washington State Attorney General, spoke with the delegates of Evergreen Boys State Monday morning about his experiences as the chief lawyer of the state and.....

"What I learned from Mr. Rob McKenna..."

"I learned that there are many different views to almost every topic, and that it takes a special leader to be able to temper them all in a democratic setting."

-Hunter Cofer, City of Elm

"Rob McKenna had some very interesting historical facts in his speech. I got a view of how Abraham Lincoln became president at just the right time and did just the right things to minimize the negative impact of the American Civil War. I also received insight on how the Executive, Judicial, and Legislative branches of the US government check and balance each other out."

-Gabriel Bryant, City of Hemlock

Snohomish County Sheriff

Mr. Ty Trenary

Mr. Ty Trenary, Snohomish County Sheriff, spoke with the delegates of Evergreen Boys State Monday afternoon.

"There are certain issues in society that can possibly be fixed, but they can only be fixed at a price. Loving your career makes you take initiative to fix and imagine unique solutions "for the community".

-Grant Lee, City of Hemlock

"Listening to Ty Trenary was incredibly interesting. I was able to learn about the terrible social issues that are affecting the State of Washington currently. I enjoyed learning about the view on police reform and the media controversy reporting negative positions on police officers."

-Ryan Vance, City of Birch

"What I learned from Mr. Ty Trenary..."

"I learned about the situation of heroin addiction in Washington, which I was unaware of before. I didn't know the situation was so bad, or how the police situations were like."

-Piljin Kwak, City of Elm

WA Senator 44th District Mr. Steve Hobbs

What I learned from Mr. Steve Hobbs...

"The most important thing that I learned from Senator Hobbs is that there is humanity in politics and higher office. Mr. Hobbs speech demonstrated that the people in power are down to Earth people like ourselves. I believe this aspect of presidential candidates has been lost in recent years as our two candidates are a billionaire businessman and a political machine."

-Jack Kelly, City of Hemlock

"The biggest thing I saw was how laid back Senator Hobbs was able to act despite the responsibilities he has taken to represent the people of his area. He was a very good speaker and knew how to read a crowd."

- Gannon Short, City of Hemlock

Mr. Steve Hobbs, Washington State Senator from the 44th District, spoke with the delegates of Evergreen Boys State on Wednesday afternoon.

WA Representative 25th District Mr. Hans Zeiger

What I learned from Mr. Hans Zeiger...

"I learned from Mr. Zeiger that working across party lines is often necessary for the success of the state. Although it may be discouraged/uncommon, Mr. Zeiger is looking to encourage collaboration between both parties to pave the way for the future of not only the state, but the nation."

-Luke Cantor, City of Maple

"I learned about what congressional representatives are about, what they do, and why one should try to be one. I also learned about the key role freight trains play and how bills are made and passed."

-Piljin Kwak, City of Elm

"Hans has always emphasized how much every vote counts as he beat out an incumbent of 9 years by just 26 votes. He is very against common-core in education and a "one-size fits all" concept, and is also against the massive amount of testing we as students do. Because of how trade-dependent the State of Washington is, Mr. Zeiger feels as if his most important project is to finish Hwy 516 because of how important it is for freeing up the flow of freight. He feels that encouraging bi-partisan-thinking is critical to the advancement of our government instead of how parties punish those that propose and declare such a way of thinking. He believes that lowering the cost of tuition is important and should be important to us."

-J Rose III, City of Hemlock

Mr. Hans Zeiger, Representative from the 25th Legislative District, spoke with the delegates of Evergreen Boys State Tuesday afternoon about State government and how important it is to have new voices take their turn in government, and...
