Dear American Legion Boys State Citizen,

Congratulations and welcome to The American Legion Boys State family! American Legion Boys State is among the most respected and selective educational programs of government instruction for U.S. high school students. I am confident that you will not be disappointed with your decision to participate in this outstanding citizenship education experience. It will likely influence your life decisions in ways that you cannot fully appreciate until years later.

As one of the 20,000 young men who participate nationwide in this activity, you will experience government in a practical sense by actually participating in it. American Legion Boys State is a leadership action program; one that teaches government and its structure. It proves that government is just what you make it. You will find it to be challenging and sometimes tiring, and I'm certain you will always find it to be enjoyable and educational.

If this government "...of the people, by the people, and for the people" is to remain strong, it requires the involvement of its citizens. The onus of preparing for that responsibility now rests squarely upon your shoulders, and those of future generations. In the seventy-five plus years, American Legion Boys State has been prominent in producing young men, just like you, ready to accept that responsibility.

It is possible that a future governor, congressman or even president will be in your class of American Legion Boys State citizens. I make this statement because this program has historically been the springboard for many to careers in public service. Others benefit from their participation by developing friendships with their fellow citizens while joining a common fraternity that extends long after the on-site program ends. I encourage you to make the most of this experience. What you put into the program is what you will be able to take back home to your local communities and schools.

Again I extend best wishes for an interest-provoking, exciting and personally rewarding 2017 American Legion Boys State experience.

Dear Commander,

We would like to take this opportunity to express our heartfelt thanks to you and your Post for your active participation in recruiting young men to attend Evergreen Boys State.

As you know, the Evergreen Boys State objectives are:

- To develop civic leadership and pride in young American citizens;
- To arouse a keen interest in the detailed study of our government;
- To foster a better understanding of American traditions and belief in the United States of America; and,
- To stimulate in the young citizens a determination to maintain our form of government.

Your Post's caring commitment is critical to our continuation of the program. We truly appreciate your dedication and hope you recognize, as we do, the valuable role you play in building brighter futures for America's next generation. We are looking forward to an exciting new future with your assistance. Thank you for your continuing support.

Respectfully,

Mr. Gary Roach, Chairman
