Dear American Legion Boys State Citizen,

Congratulations and welcome to The American Legion Boys State family! American Legion Boys State is among the most respected and selective educational programs of government instruction for U.S. high school students. I am confident that you will not be disappointed with your decision to participate in this outstanding citizenship education experience. It will likely influence your life decisions in ways that you cannot fully appreciate until years later.

As one of the 20,000 young men who participate nationwide in this activity, you will experience government in a practical sense by actually participating in it. American Legion Boys State is a leadership action program; one that teaches government and its structure. It proves that government is just what you make it. You will find it to be challenging and sometimes tiring, and I'm certain you will always find it to be enjoyable and educational.

If this government "...of the people, by the people, and for the people" is to remain strong, it requires the involvement of its citizens. The onus of preparing for that responsibility now rests squarely upon your shoulders, and those of future generations. For eighty-three plus years, American Legion Boys State has been prominent in producing young men, just like you, ready to accept that responsibility.

I hope that those of you who are eligible for membership in the Sons of The American Legion will take advantage of the opportunity to join while you are at American Legion Boys State, and that when you return home you will also share information about the American Legion Family with your family and friends.

Again I extend best wishes for an interest-provoking, exciting and personally rewarding 2018 American Legion Boys State experience.

Dear Commander,

We would like to take this opportunity to express our heartfelt thanks to you and your Post for your active participation in recruiting young men to attend Evergreen Boys State.

As you know, the Evergreen Boys State objectives are:

- To develop civic leadership and pride in young American citizens;
- To arouse a keen interest in the detailed study of our government;
- To foster a better understanding of American traditions and belief in the United States of America; and,
- To stimulate in the young citizens a determination to maintain our form of government.

Your Post's caring commitment is critical to our continuation of the program. We truly appreciate your dedication and hope you recognize, as we do, the valuable role you play in building brighter futures for America's next generation. We are looking forward to an exciting new future with your assistance. Thank you for your continuing support.

Respectfully,

Mr. Gary Roach, Chairman

Dear American Legion Posts,

As delegates of Evergreen Boys State, we have come a long way since our arrival. Previously uncoordinated and uneducated in political matters, we are finishing up the week as proficient young men working for the betterment of our current society. And this program would not have been made possible without the gracious support of American Legion Posts across the state. For this we thank you. Coming together from a large variety of cultures and regions, we as delegates enthusiastically share this amazing experience your post granted us. Through your never-ending support, you provided less fortunate delegates who would have never been able to attend the opportunity of a lifetime here at Evergreen Boys State. Moreover, your monetary assistance as well as your encouragement helps us strive to become better citizens and leaders in our families, jobs, and communities. Supporting the delegates of today, you have given us a voice to impact the Nation of tomorrow. Again, we want to thank you for your amazing role in making Evergreen Boys State a reality and your involvement in the youth of our society.
